

This is the 3rd generation, the 2nd after Amos London Bills and represents my Great Aunts, Uncles and GGrandparents.

These are the children of Robert Dysart and his two wives Mary Ogilvie and Martha Powell. They begin with Alfred at number 6 and extend through Anna Katherine at 18. It does not cover his 5 stepchildren.

6. Alfred Dysart Bills 13 Aug 1870 - 13 Oct 1945
 Mae Lee Master 21 May 1900 - 11 April 1977 married 1925
 Carroll Pollard 1899 - Mae's 2nd husband after Alfred's death

Alfred was born in 1871 in Navarro County, TX. Looking back to his father, we see that he appears in his father's household in 1880 and 1900 and then in 1910, after his father's death, he is still looking after his step mother and at least three of his much younger siblings. After his stepmother's death in 1913 he married a much younger Mae Master in 1925. He was 55 and she was 25. I have not been able to locate Alfred in the 1920 census so we can only speculate as to what he was doing between 1913 and 1925 when

he married. The 1900 census shows him as a farm laborer and the 1910 census has him listed as a breeder. In the 1930 census shown here, his first son had arrived and he is still in Navarro and his occupation is left blank.

By 1940, he had one more child and was shown as a farmer. He died in 1945 leaving his younger wife Mae with a 15 year old son and a 7 year old daughter. On FindAGrave, her name is shown as Mae Pollard so she apparently married again. I

have located Carol Pollard as potentially being her husband, but I cannot find any definitive documentation other than the 1950 census which shows him and Mae and the youngest daughter Mollie.

Carol is also a farmer, and they have moved to Hill County which is a little west of Navarro County.

I'm not sure why Alfred married so late. Perhaps when his father died in 1908 he felt an obligation to help

his mother who was left with 4 young kids. Again, Martha then died in 1913, so he was left as the “parent”. Della Bills, who somehow is not in any 1910 census that I can find, may have been away at school, but in 1920, she shows up married to Andy Roper, and her younger sister, Anna Katherine is living with her. Della would have been 19 in 1910 so being away at school is a pretty good guess. The 1950 census is the last one that is currently available.

7. Lula Mae Bills 18 Nov 1872 - 7 Oct 1904.
 James Benjamin Slater 25 Dec 1860 - 19 Dec 1920

Lula Mae was born in 1872 and appears in the 1880 census in her father’s home in Navarro, TX. Of course the 1890 census was destroyed and I cannot find her in the 1900 census. What we can find however is that she married James Slater in 1887 when she would have been about 15. The

Gay E Slater	Female	3	1907	Mamie and James

1910 Census shows that James had married Mamie Thompson, but there are 4 children that would have to have been Lula's since he didn't marry Mamie until 1905. She died nine months after the birth of her youngest child Lillah and James married a little more than a year after her death.

Mamie was 25 years

younger than James and by 1910, they had two children from their union. They continue to live in Navarro where James is a farmer. Unfortunately, James dies shortly after the 1920 census leaving Mamie as a 33 year old widow with 7 children. It appears that in 1922 she married an immigrant from England named William Evans and by 1930 they were living in Limestone County. Again, William is 16 years older than Mamie. Records get a little sketchy after 1930, but it appears that Mamie was widowed before 1940 and ended up in Flint Michigan as a practical nurse. She shows up in Flint in the 1940 census.

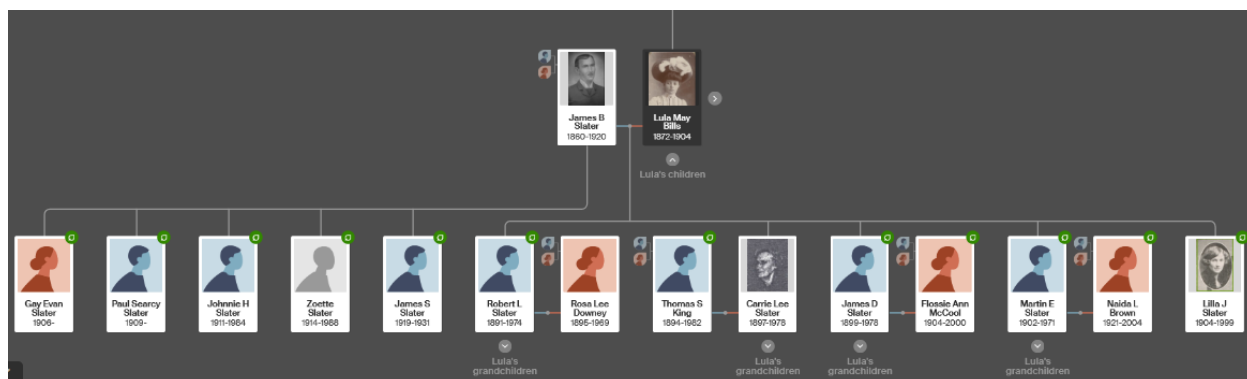

While in Flint, she seems to have married Eldredge Ward in 1950 in Flint. and she died in 1956 in Flint. I did a quick check of her youngest daughter Zoette, and she ended up in Michigan, so perhaps it is Mamie in Michigan.

 Jesse Craft Wilson 31 JAN 1871 • Bastrop County, TX - 11 MAY 1956 • Hollis, Harmon, OK
 Lula Mae Edwards - 27 NOV 1882 - 24 NOV 1949 • Hollis, Okla. (2nd Wife)

Lena was born in 1874 in Hubbard TX and appears in her parent's home in the 1880 census. In 1894, she

married Jesse Craft Wilson. In 1900, they were farming in Limestone County and had their daughter and a couple of hired hands living with them. The 1900 census shows that Lena had birthed 2 children at this time, but only one was living. I haven't found any birth records for this missing

By 1930, they had moved to Hollis, Oklahoma. Jesse is listed as the manager of a gas station and on the day of the census, they had Hugh Clemons living with them and he is listed as the owner of the gas station.

1940 Census - Hollis, Harmon, OK

Jess C Wilson	Male	69	1871	Jesse Craft Wilson
Jessie Marie Briscoe	Female	41	1899	Jessie Marie Wilson

Lena died in 1933, and in 1940, Jesse was living with his divorced daughter, Jessie in Hollis. He is 69 years old and neither is shown as working.

McCubbin, Jessie Marie	Female	51	1899	Jessie Marie Wilson
McCubbin, Glenn	Male	16	1934	Glenn McCubbin

There is a record that Jesse married the widow Lula Kennemer in 1942 when he was about 70. She died in 1949, so he ends up back in Jessie's home. Jessie has remarried, and it appears that

her new husband William McCubbin was widowed in 1939. He had quite a few children from his first

marriage, but only the youngest, Glenn, was still at home. William was working as a carpenter and 16 year old Glenn is working as a ranch hand at a sheep ranch. Jesse died in 1956.

Robert was born in 1876 and stayed at his parent's home until he married Minnie Howard on 15 Oct 1901. In the 1900 census, he is shown as being 23 years old and working as a farm laborer.

As shown in the 1910 census, Robert and Minnie have two children, Lola and Curtis. Also unfortunately, they had a son Robert born in 1903 and dying in 1906. Also, they had another child who died at birth in 1905. From later records, it looks like Robert prefers going by Dean so I will use that going forward. As with most folks at this time, Dean is a farmer.

The 1920 census finds them living in Hubbard, Hill County. A second son, William was born right before the census. For some reason, no occupation is listed for anyone in the family. I speculate that they had just moved there and were in the process of getting settled based on the fact that William Mayo was born in Navarro in June of 1919.

In 1930, they lived at 820 Magnolia Ave in Hubbard and Dean was a farm superintendent. Lola and Curtis had moved out. Lola was living in Ellis County

and teaching school and Curtis had moved to Colorado.

In 1940, they were still farming in Hubbard. William Mayo is still living at home and is 20 years old. He does not have an occupation listed. William must have enlisted shortly after this census, and he is tragically

killed in a training accident in Arizona where he was a 2nd Lt and learning to fly.

In 1950, they are still living on Magnolia Street in Hubbard. Their daughter Lola was divorced and moved back home with her parents along with two of her children. I have not found a record to confirm the fact that at some point between 1950 and his death in 1956, Dean and Minnie divorced. His

death certificate clearly states that he is divorced. I did find a newspaper clipping from 24 April 1951 where Dean conveys 204 acres to Minnie. Perhaps this was part of the divorce settlement. In 1965, Minnie's daughter Lola died. And Lola died in 1977.

home. In the 1990 census he is listed as a farm laborer. On 13 Oct 1901, he married Etta Freeland. I wonder if Etta was related to Joseph Freeland, Martha Powell's 2nd husband. I did a quick investigation and did not notice a connection, but I suspect

that there is one somewhere. By 1910, the family had increased to 5 with the addition of Furman, Cody, and Mary. They are still in Navarro County and farming.

By 1920, he had either followed, or moved with his older brother to Hill County and a new daughter had joined the family. There is a pretty large gap between Mary and Jamie Sue, but I haven't found any evidence of other children.

daughter Clyde were born. Scott is still farming.

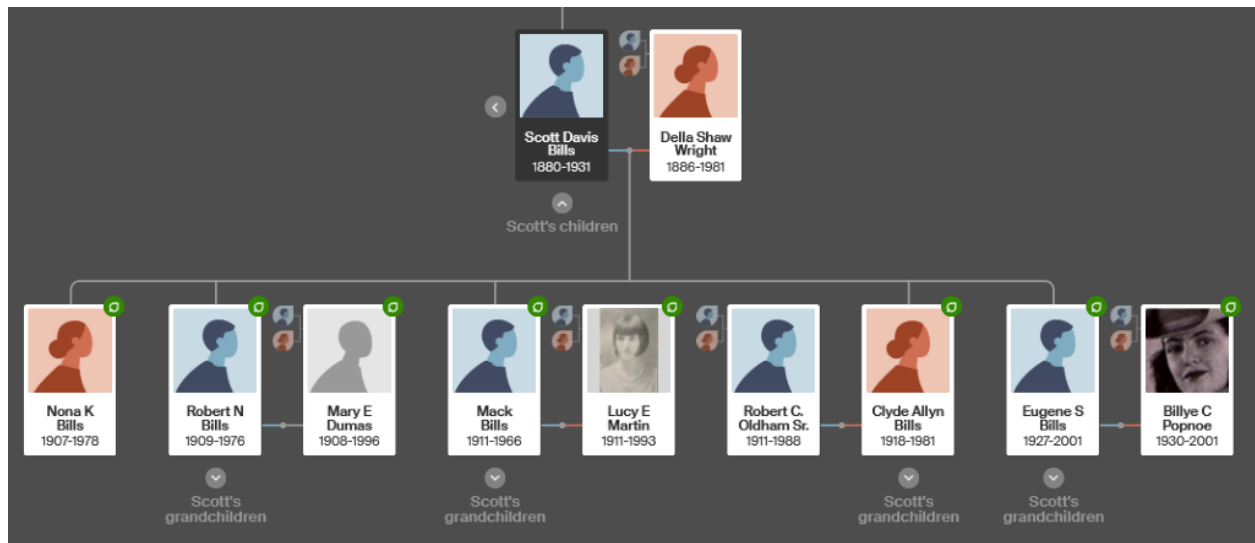

In 1930, he moved to Waxahachie in Ellis County. He had a new son, Eugene. Kathrynne and Mack were out of the house. Tragically in 1931, Scott is killed accidentally while chasing a corn thief. He somehow managed to shoot himself. He was 53. Della was 43 at the time of his death. She does not appear to remarry.

living at the same address alone and working as a seamstress. She died in 1981 when she was 94 years old. In searching newspapers, she appears to have been very active in her church. She outlives three of her children, Kathrynne, Robert, and Mack.

12. Carrie Eudora Bills - 20 FEB 1882 • Navarro County, TX - 23 SEP 1899 • Dawson, Navarro, TX
W Ed Teague 1878 - Death Unknown

Carrie was born in 1882 and died in 1899, so with the loss of the 1890 census, she was never counted. There are marriage records of Carrie marrying a W. E. Teague on 22 Oct 1898 in McLennan County. There is also a record of a marriage license in Aug 1897, but she was quite young and it was delayed a year. I have been unable to find any additional information about her husband, but would hope that he remarried and had a happy life.

13. Ida Eugenia Bills - 11 DEC 1883 • Navarro County, TX - 15 JUN 1890 • Dawson, Navarro, TX

As with her sister Carrie, Ida missed the 1890 census due to her short life. In the book "Circle of Love " it mentions that her mother died shortly after her birth and she was cared for by her aunt Mary Ogilvie Bills, Gersham's wife, and that she was a sickly child. I have not discovered any other information about her.

This is the last of the children of Robert Dysart Bills and Mollie Ogilvie Bills. I will proceed with the children of Robert and Martha Powell.

14. Jackie Merle Bills -7 NOV 1889 • TX - 7 AUG 1943 • Pendleton, Umatilla County, Oregon
Leslie Ray Reynolds - 28 SEP 1903 • Trinidad, CO- 1982 Alabama

Jackie has been a bit elusive. Her only appearance that I have found in the census is the 1900 census where she is listed as the 11 year old son. She is in fact a female. The only other document about her that I found is her death certificate from 1943 in Pendleton, Oregon. I started looking at it more closely, and noticed that her husband was listed as Leslie R. Reynolds. He was serving in the Army Air Service and he was 7 years younger than Jackie. It also states that he was from Trinidad, Colorado. We should recall that her father died in 1908 and her mother in 1913. If she had left home by then, Jackie would have been the oldest child with 4 younger siblings. I was then able to find a newspaper article from the San Antonio Light in 1959 detailing the retirement of Randolph AFB vet Leslie R. Reynolds of Trinidad CO. It describes how he enlisted in the Army in 1924 and was the assistant fire chief at Brooks AFB. He was wounded in the D-Day invasion and received a Purple Heart. Additionally, he received a commendation medal for rescue work with the 6002nd Airbase unit at Pusan during the Korean War. Also noted on the death certificate was that they had only been in Oregon 21 days when she died. I then found a City Directory from Enid OK from 1943 showing them living there. Checking Google, I found that both Enid and Pendleton had air force bases. Searching further, I then found that several months after Jackie's death, he married a 42 year old divorcee from Birmingham named Esther Couch. I'm still tracking information about her and information about Leslie's death. I have found no evidence of children.

15. Della Louise Bills - 24 AUG 1891 • TX - 11 DEC 1985 • Dallas County, TX

Andrew Nelson Roper - 27 DEC 1889, Navarro County, TX - 23 MAY 1956 • Dallas, Dallas Cty, TX

As with Jackie, Della is a little elusive. She appears in the 1880 census, but does not appear where expected in the 1900 or the 1910 census.

Kate Bills	Female	18	1902	Kathryn Bills - Sister in law

In 1900, she would have been 16, so maybe she was away at school. By 1910, her father had died, but again she is not found at home with her mother. She reappears in the 1920 census married to Andy Roper and her youngest sister Kathryn is living with them since they are now orphans. Examining this, we notice that she has a son who was born in 1912 (actually 1911) so she must have married in 1910. They also have a newborn son. Her husband Andy was a retail hardware salesman.

In 1930, they lived in Dallas having had a third son in 1922. Andy is working as an assistant sales manager. They appear regularly in the Dallas City Directory throughout the 1930's.

1940 finds them still in Dallas. Their oldest son has moved out and they have a 39 year old boarder who is working as a seamstress for car seats. Della is working as a clerk for a fire insurance company as is her

son Jack, and James is selling men's clothing. Andy is now a Territorial Sales Manager.

The next few years are a little confusing. Andy appears in the City Directory in Abilene between 1942 and 1956, and he appears in the 1950 census as a boarder in Abilene. Della appears in the Abilene directory in 1946 so I'm a

little uncertain how much time she spent there versus back in Dallas., because she appears in the 1950 census in Dallas living with her widowed son James and his son and daughter. It is not the same house that they were in back in 1940. Looking a little deeper, it seems that James's wife committed suicide just after the birth of her daughter. I will discuss that more when I get to reviewing James. Andy died in 1956, but Della lived another 29 years. She outlived two of her three sons and passed away in 1995.

16. Hallie Mae Quinlan Bills - 10 NOV 1896 • Navarro, Texas - SEP 1969 • Los Angeles, California
 Frank Quinlan 6 SEP 1898 • Chicago, Illinois, USA - death Unknown
 Hugh Tull - 3 JUL 1893 • Orange City Shelden, Sioux, Iowa - 10 AUG 1976 • Los Angeles

The only picture I have found for Hallie is this grainy photo from a newspaper when she was nursing in Long Beach in 1920 or so.

Hallie appeared in Robert Bills's home in 1900 and 1910. I haven't found her in the 1920 census, but I did find an article in Newspaper.com showing a Hallie Mae Quinlan as a nurse graduate of Seaside Hospital in Long Beach, CA in 1920. Prior

MEETS WOMAN; ASKS WIFE TO PACK HIS TRUNK

(Special Telegram to The Enquirer.)

Los Angeles, Dec. 21. — Frank H. Quinlan did not do things by halves, according to his wife, Hallie M. Quinlan, a nurse in a Long Beach hospital. She was granted a divorce by Judge Toland and the story she told was that her husband went to Wyoming to work and upon his return he told her he had met a woman whom he had learned to love better than he did her.

"He finally asked me to pack his trunk, which I refused to do. He packed it himself. Then he asked me for my wedding ring, engagement ring and marriage certificate. I gave them to him," she testified.

Mr. Quinlan left his wife a check for \$49.50 out of which she paid a \$48 grocery bill, she stated. He said he was going to Chicago, but her letters to him at that city were returned to her.

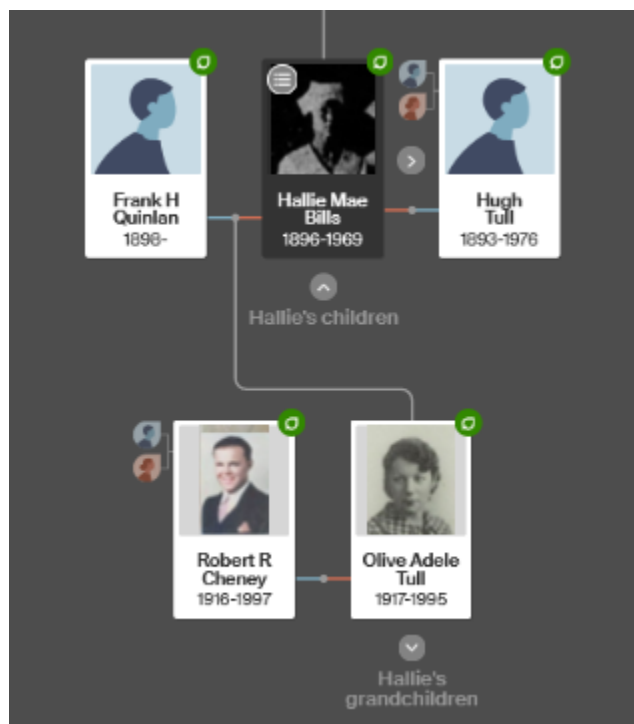

to that, I found a marriage certificate for Hallie Bills and Frank Quinlan in Denver, CO on 24 June 1918. I then found an article in the Buffalo Enquirer from 21 Dec 1921.

There is also a little bit of confusion here in that her daughter Olive seems to have been born in Colorado in 1917 which was before she married Frank Quinlan so I don't know if Olive's birthdate is incorrect or if she was born before Hallie and Frank tied the knot. It's interesting to speculate, but dates are often wrong so I won't read too much into it. There are several newspaper articles about Hallie being a nurse in Long Beach and LA including an interesting one where the actress Ann Sothern was hospitalized and she threw a party for her nurses including Hallie.

On 6 Aug 1923, She married Hugh Tull. Hugh was a divorcee and worked as a latherer building houses. The 1930 census shows that Hugh had first married when he was 23 and Hallie had married when she was 20. This confirms the 1918 marriage in Colorado. In 1930, Hugh was 36 and Hallie was 32 and Olive was 13. It is interesting to note that Hallie is not shown to be working as a nurse at this point.

There is a record of Hugh and Hallie getting divorced in Jan of 1940. At the time he was working as a grip in the motion picture industry and living with his brother after the divorce, In 1940 and 1950 censuses, Hallie is divorced and living alone. In 1940, she was again working as a nurse, but in 1950 she was not working. Hugh goes on to remarry, but Hallie never does. She died in 1969 in Los Angeles, and is buried there.

Lewis Bills was the last son of Robert Bills and Martha Powell. Born in 1897, he's in 1900 and 1910. His father died in 1908 when he was 11 and his mother died in 1913 when he was 15. His oldest brother

I haven't researched them, but Roxie had quite a few siblings including one called Little Dew and another called Lake Austin. Sort of calls out for some investigation! In 1921, their daughter was born and in 1928, and

that I have found are from City Directories. In 1955 and 1960, he was an erector for J. D. Cox Fence Co. In 1964 he was working for Trinity Steel. Lewis died in 1965 and Roxie died in 1978. There are a couple of newspaper articles from the 70's showing Roxie lived in San Antonio. She was attending the funerals of her siblings. She died in San Antonio in 1978 at the age of 82. She was living at a nursing home. I have

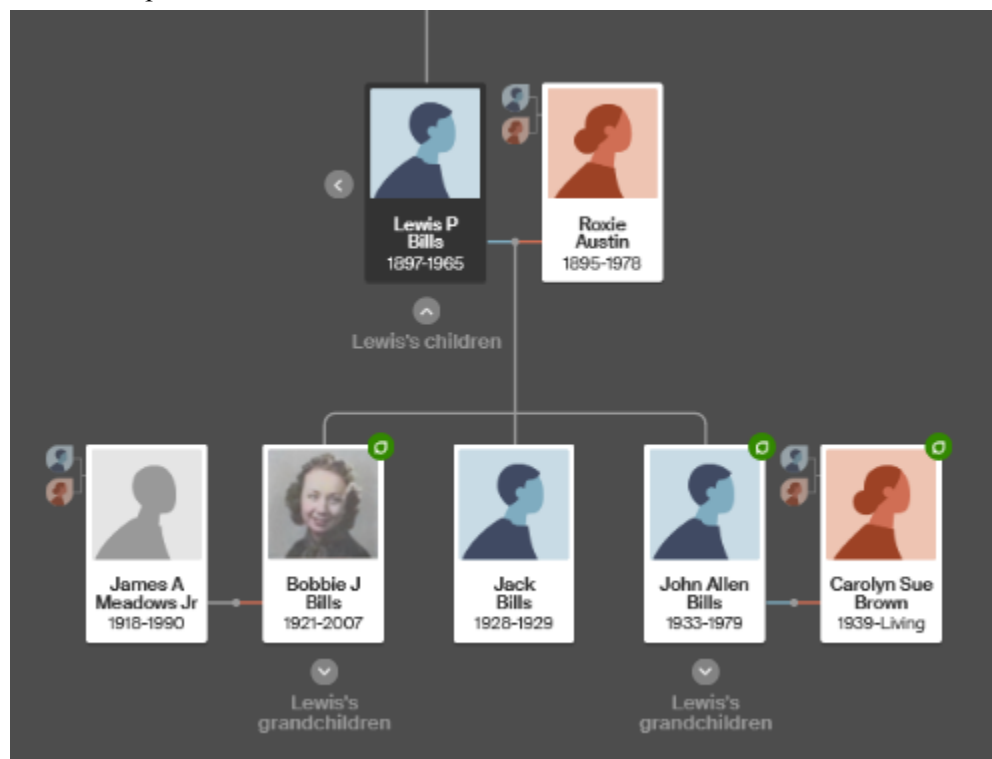

Alfred seems to have become the head of the household. Somewhere around Sep 1918, he married Roxie Austin. I haven't found a marriage record, but I did find a notice of their marriage license in the Corsicana Sun. It looks like Roxie was a couple of years older. I haven't researched them, but Roxie had quite a few siblings including one called Little Dew and another called Lake Austin. Sort of calls out for some investigation! In 1921, their daughter was born and in 1928, and they had a son Jack in 1927, but he only lived two weeks.

In 1930, Roxie was mysteriously 2 years younger than Lewis, having been two years older in 1920. He is still farming, but they have moved to the Dallas area along with some other family members like his sister Della who is now married to Andy Roper. They have an 8 year old daughter Bobbie.

In 1940, they were still in Dallas. Lewis is working as a laborer having something to do with steel, but the writing isn't clear. Daughter Bobbie got married in about 1918, but they have a 6 year old son John Allen.

In 1950, Lewis was in the fence building business in Dallas. Sixteen year old John is still at home. The other information

Still in Dallas in 1930, they have an older couple living in their home. I do not know if there is any relationship. William is an accountant. Roy is practicing medicine.

Here is a picture of Dr Loveless. I have not yet found one of Anna Katherine.

At some point in the 30's, they moved to Slaton, a small town near Lubbock. They had two daughters and a servant in their home in 1940.

This ends the children of Robert Dysart Bills and his two wives, Mollie Ogilvie and Martha Powell. He has the following stepchildren, but he is not their father. Their relationship is detailed under the entry for Robert. I may explore them later, but I have not at this time.
